

## Hybrid Field Sampler/ Heavy Equipment Operator

Osisko Development Corp.'s ("Osisko Development" or the "Company") wholly-owned subsidiary, Barkerville Gold Mines Ltd, is currently seeking a highly motivated individual to be part of the team at its flagship Project, Cariboo Gold Project, as a Hybrid Field Sampler/Heavy Equipment Operator in Wells BC.

This position's work will primarily be located at the QR Mill which is part of the Company's assets. QR Mill is located at the 59 KM mark on the 500 RD off the Barkerville Highway (HWY 26) at approximately 85 km from Quesnel. Travel to the project in Wells, BC may be required from time to time.

Reporting directly to the General Manager, this Hybrid position is responsible for taking water samples for environmental testing and the safe and efficient operation of an onsite Water Treatment Plant, as well as operating a variety of equipment including but not limited to: Loader, Skid Steer, Fork Lift, Excavator, etc.

Candidates who do not possess those skills may be considered for the role if they express an interest in and can demonstrate the aptitude to successfully complete the necessary internal training.

The successful candidate will manage the day-to-day activities by optimizing productivity in accordance with goals and scheduling while demonstrating a strong personal commitment to safety and the environment.

---
