

Posting Date: 17 October, 2023

Closing Date: 17 November, 2023

## Position Overview

Osisko Development Corp. – Cariboo Gold Project is currently seeking Assayers to join their team during this time of care and maintenance. Coming in at this time will set the right candidate up for the transition to when the Project is in full operation. This is a permanent position that is 14 days on and 14 days off rotation at the QR Mill site 64 km from the Barkerville Highway on the 500 Rd. Camp accommodation and meal allowance will be provided. This position is considered to be a Fly in/Fly out position.

Reporting to the Chief Assayer or their designate, the Assayer will be responsible for the safe, efficient, reliable and accurate handling and preparation of all samples submitted to the Assay Lab. The Assayer must possess good communication skills, be self motivated, and well organized while continuously aligning daily functions to reflect Osisko Development Corp. – Cariboo Gold Project Values.

## Key Responsibilities

Work in a safe and efficient manner and adhere to all Osisko Development Corp. – Cariboo Gold Project’s safety guidelines whilst performing all the duties listed below:

- Perform work in Sample Preparation, Fire Assay, and Wet Laboratory
- Responsible for using chemicals and analytical methods to perform assaying duties

- Perform statistical analysis
- Ability to perform calibration and routine maintenance of laboratory instruments
- Prepare and standardize laboratory solutions, maintaining accurate records

In order to fulfill these responsibilities, you will be expected to manage and handle the following working conditions; A fast-paced environment, handling heavy loads, physically demanding, attention to detail, hand-eye coordination, a combination of sitting, standing, walking, bending, crouching, and kneeling.

### **Qualifications**

- Bachelor's Degree in Science (Chemistry) or similar would be an asset
- Minimum two (2) years of experience in an Assay Lab with a strong mineral processing background, preferably, in gold
- Experience in fire assaying and bullion assaying is an asset
- Physically fit and capable of lifting up to 22 kg (50 lb)
- Ability to work autonomously
- Ability to effectively communicate with others

**Please submit your resume to [jobs@osiskodev.com](mailto:jobs@osiskodev.com).**

*The above statements are intended to describe the general nature and level of work being performed by the incumbent(s) of this job. They are not intended to be an exhaustive list of all responsibilities and activities required for the position.*

*At Osisko Development Corp. – Cariboo Gold Project, we value diversity in our workforce and encourage all qualified candidates to apply. We appreciate all responses and advise that only those candidates selected for an interview will be contacted.*
